

Working for young people

Job Advert – Part-time Project Officer

**Can you support a local charity
changing young people's lives?**

The Life Project is an exciting new programme being launched by Xtrax, the pioneering charity supporting vulnerable young people in Hastings & Rother. The Life Project helps young people identify their ambitions for the future and build joint plans to overcome personal challenges, remove barriers to progress and transform lives.

Can you....

Engage – with young people in a considerate, supportive way?

Equip – help young people discuss their issues, challenges and ambitions?

Empower – work with young people over time to engage with external support services, remove barriers to progress, and achieve their life goals?

We offer £8892 pa (less tax & NI) for 18hrs a week and are looking for a part-time youth worker (18hrs pw) to join our small, energetic team – a perfect role for someone experienced in working alongside young people, and who has the passion to inspire.

The role is varied, requires a practical approach, and patience and understanding. You will also need to be confident using IT systems, have an understanding of the challenges faced by vulnerable young people and a good knowledge of the local network of professional support services.

**Energetic, good communicator, sense of humour and
able to organise yourself and your workload?**

**Want to contribute to a charity making a
real difference to the lives of young people?**
